

OMITIDE! WATER HAS COME!

2ND QUARTER NEWSLETTER – 2024

Published on the 1st of July

“Water is the driving force of all nature.” -Leonardo da Vinci-

Dear Donors, Partners, Friends, and Supporters of OMITIDE,

It's the beginning of another quarter and we're happy to inform you of the happenings of the last quarter.

The last quarter continued our activities after ending the kanthari course.

We are always grateful for your support. Thank you!

KANTHARI GRADUATION

After completing the kanthari course at the end of March, an online graduation ceremony was held on the 3rd of May. The 2023 participants attended the occasion, representatives of the kanthari team, some alumni, donors, and friends of kanthari.

REGISTRATION OF OMITIDE

On the 27th of May, the Corporate Affairs Commission of Nigeria approved the name “OMITIDE Community Development Initiative” for registration.

We are happy about this development and look forward to receiving the Registration Certificate.

SENSITIZATION/ WORLD ENVIRONMENT DAY

OMITIDE celebrated World Environment Day on the 5th of June by sensitizing 30 farmers and members of the Utele Ilutoro community of Akure North Local Government Area of Ondo State. It was the annual general meeting of the farmers' cooperative in that community.

The meeting had the community head, (The Olu of Ilutoro), the community chiefs, community members, and members of the cooperative society in attendance. They were happy about the successes they've recorded as a society and at the same time they talked about their challenges in the community and the solution to it. One of the problems they have is the lack of access to water for household and farming purposes. The only solution they knew

like every other community was to drill a borehole. OMITIDE enlightened them on the effects drilling of a borehole has on the environment and sensitized them on rainwater harvesting and groundwater conservation as a sustainable solution to the water problem.

They beckoned on OMITIDE to aid in finding a solution to the water problem.

UPCOMING

- We hope our registration certificate will be ready in this new quarter so that we can move on to the account opening process for OMITIDE.
- We are still raising funds to train vegetable farmers from the sensitized communities on rainwater harvesting and support them with rainwater harvesting kits.

YOUR DONATION WILL PUT SMILES ON THE FACES OF OUR BENEFICIARIES!

Dear Supporters and Friends,

We are grateful for your support so far. We need more of it for the next phase to achieve greater impact.

Thank you also for helping us by sharing this newsletter with those who might be interested in your network.

With Best Regards,

Itohan Iyawe Ogiemudia and the entire Omitide Team
